

Questions for Your Healthcare Provider

Whether you are new to wrinkle filler treatments, or have a regular filler maintenance routine, be sure to discuss any questions you may have about RADIESSE[®] Volumizing Filler prior to your treatment. Below is a list of questions you should be sure to ask your healthcare provider, so you can feel comfortable and have a great experience with RADIESSE Volumizing Filler.

- Am I an ideal patient for RADIESSE[®] Volumizing Filler?

- Are there any patients who should not receive injections with RADIESSE[®] Volumizing Filler?

- What are the potential side effects?

- Is there anything I need to do prior to my anti-wrinkle treatment as preparation?

- Should I avoid taking any medication/vitamins prior to treatment?

- What is the normal protocol after treatment?

- When can I resume my normal routine/lifestyle?

- What are my options for pain management?
